

# CREDENTIALS

The School of Education offers coursework to earn many different credentials through the California Commission on Teacher Credentialing (CCTC) depending on the path the student wants to take in their pursuit a career in education. Each of these credentials is linked below. This also includes degree programs where a credential can be earned simultaneously while enrolled. Students should work with their respective academic program directors and academic advisors to meet the requirements to be recommended to the CCTC.

## Educational Leadership

- Preliminary Administrative Services Credential (<https://bulletin.lmu.edu/schools-colleges/education/educational-leadership/preliminary-administrative-services-credential/>)
